Vitæ-Ore is a natural, hard, submarine, rock-like substance—mineral. One—mined from the ground like gold and silver in the neighborhood of a once powerful, but now extinct mineral spring. It requires twenty years for oxidation by exposure to the air, when it shrinks even, like bone, and is then of medicinal value. It contains free iron, free sulphur, and free magnesium, three properties which are most essential for the retention of health in the human system, and one package, one ounce, of the ORE, when mixed with a quart of water, will equal in medicinal strength and curative virtue 800 gallons of the most powerful mineral water drunk fresh from the springs. It is a geological discovery, in which there is nothing added or taken from. It is the marvel of the century for curing such diseases as:

as thousands testify, and as no one answering this, writing for a package, will deny after using. VITÆ-ORE has cured more chronic, obstinate, pronounced incurable cases than any other known medicine, and will reach such cases with a more rapid and powerful curative action than any medicine, combination of medicines, or doctors' prescriptions which it is possible to procure.

Vitæ-Ore will do the same for you as it has done for hundreds of readers of The Sunday Magazine, if you will give it a trial. Send for a \$1.00 package at our risk. You have nothing to lose but the stamp to answer this announcement. We want no one's money whom Vitæ-Ore cannot benefit. You are to be the judge! Can anything be more fair? What sensible person, no matter how credulous he or she may be, who deserves a cure and is willing to pay for it would hesitate to try Vitæ-Ore on this liberal offer? Our package is usually sufficient to cure ordinary cases, but two or three for chronic, obstinate cases. We mean just what we say in this announcement, and will do just as we agree. Write to-day for a package at our risk and expense, giving age and ailments, and mention The Sunday Magazine, so we may know that you are entitled to the liberal offer.

"Out of the Jaws of Death"

Cured in One Month's Time a Serious Kidney and Rheumatic Trouble.

Was Broken Down, Disheartened and Almost Helpless.

Read what Mr. M. V. Estes, of No. 8 Trinity Street, Atlanta, Ga., was answered our advertisement and received a package of VITÆ-ORE neutral, says of the medicine:

ATLANTA, GA.—When I look back at my condition and suffering during recent years, and think of the herbs, roots, barks, tinctures, powders, and liniments I have taken and related with all no purpose, and that I was cured at last in one month with VITÆ-ORE, I stand silent and amazed at the result. Indeed, I feel like exclaiming, with Mr. Richeson in correspondence of the New York Herald, on reading an account of his escape from a Confederate prison during the Civil War, "Out of the jaws of Death, Out of the Mouth of Hell."

Three years ago I contracted a disease of the kidneys and continued passing gravel from those organs, often throwing up stones. Those only who have passed through this ordeal can appreciate the suffering connected with it. These spells continued at irregular but frequent intervals, down to a month ago. During all this time my urine was highly colored, sometimes purpur and sometimes yellow, but at all times charged with a scorching, albuminous brick-dust deposit.

About three years ago I was attacked with Rheumatism in my right knee, hips, and ankles, and the muscles all over my body. Physicians told me I had rheumatism and advised operation for Bright's Disease, and commenced to dope me with various salts, &c., but,可惜地, they produced effects which were constantly counteractive, and health everything I ate disagreed with me. Yet, not well enough, my constitution and state of mind was broken down, disheartened, and helpless.

One day I had placed in my hand a paper containing an advertisement of VITÆ-ORE, and, like a drowning man, I seized it, and, as if by a miracle, it had power to the physician that enabled me to restore my failing health. I took the cure in full doses, and it commenced to benefit me from the first dose. In four days I was enabled to walk better and more easily. I could eat what I wanted, and what I did eat did not hurt me and was perfectly digested. I experienced a sense of comfort without all those terrible hallucinations that had haunted my mind, vexing, but, better still, the pain was leaving my suffering limbs, joints, and all other parts of my body.

Now, after taking a billion packages of VITÆ-ORE, I say I am better now than I have been in forty years. All this wonderful change in my condition, due to the power contained in one ounce of the rock from Mother Earth. Words that could impress upon everyone suffering with rheumatism, sciatica, liver, rheumatism, etc., while I know of the various effects of VITÆ-ORE. Take it according to directions, but always in full doses, and it will be long in failing with me in curing the prostrating effects of VITÆ-ORE and curing them. **Noel's** low effects in introducing this article into the suffering moments. **Theo. Noel Co.** should give the world a steady voice by way of their Hires, and for discovering the secret of the ideal, the other for unearthing Nature's means of curing.

M. V. Estes

Another case. My faith in VITÆ-ORE grows stronger every day. I suffered with kidney trouble for years and never got any relief until I took VITÆ-ORE, that did the work and I am still well. Cancer insurance, in my life, are elements that are a curse of my age.

M. V. ESTES.

FROM THE EARTH'S VEINS TO YOUR VEINS

In making the claim, a quarter of a century ago, that VITÆ-ORE is the best thing in the world for the cure of all diseases, we were doing a service to people we made it apparently and unintentionally. Others, who, ignorantly, followed, knew, from our experience and from the experience of others, who had effects, well, in that way. See that the name and trade process would fully substantiate this claim. It is not the name and trade process that caused the success, but that caused the disease and cured it effectively and permanently, because the reason we have given is true. We have given it in our advertisements and literature. "Effect, rapid and stay cured," and "Not only immediate relief, but a permanent cure." The many preparations are put on the market and affect only a temporary relief, for few are cured.

The test of a medicine is not so much in the expense and immediate results from the use of one package or bottle, but in the experience of people written months or years after they have used that one package or bottle, and who certify that during that time, and that these have been a recurrence of the malady. How many of the testimonials, many who testify that they were not **permanently cured**? VITÆ-ORE has thousands upon thousands of such experiences to its credit. It has been before the public for a quarter of a century. It could convince people right after its first introduction, but they have remained silent and **not cured** today. It is among people in the thousands of all classes of human, who will tell of a date a quarter of a century hence. We have received letters from people who wrote us ten years ago, now saying that they have had absolutely no return of the trouble or trouble.

VITÆ-ORE strikes the disease at its root, entirely isolates every vestige of it, and the patient is cured, to stay cured. Its tones are permanent and for this reason, it is a permanent remedy, one that becomes to stay, that will grow to stability and self-renew rapidly from year to year, always coming with a permanent, no, always satisfying, always curing.
